

Resources of the City of Hounds' Teeth

The council has 10,000 gold to allocate to city projects. The treasury contains 20,000 gold more, but allocating that would be a bad idea for the future.

The city has about 100 guards spread throughout the city, guarding gates, and acting as policemen.

The council has several city guards within chambers. There are several more within shouting distance. They can be sent out to assist city guards.
