## Character Information Sheet

**Character Name:** Vacuity

**Classification:** Greater

**Summary:** You are the embodiment of emptiness. You are a greater power in the Other Place. You are very powerful, but you must work with others to focus your power.

**Details:** The cold silence of nothingness was where you were born. You don't remember much from that time. You remember mind splitting light and the roar of billions of stars being created in what seemed like an instant. In that same instant you saw the galaxies form, the planets cool and a small planet called Earth develop life. Then it began. Something started measuring time. You were able to sense Terra, Epoch and other beings you could call Kin. The creatures in the universe had given you sentience by personification and relating to the concepts you represent.

In time the creatures were able to make creative decisions and shape their world. They also started to use their abilities to create worlds that were not Real to entertain themselves. You were present when the other Greaters created the first Dominion, and gave it life. You were there when that Dominion died, absorbing it back into the ether.

Many Domains have come and gone under your watch. The precedent of the way a domain works is that a spirit of some sort is drawn to a place and then is able to draw enough power to it to carve out a space for it in the space beyond the Real. In the event of the death of the founding spirit, the domain typically fades and its energies becomes part of the Other Space, taking all that is contained within and connected to it.

While you do judge beings for their ability to hold a realm together, you typically do not make Moral Judgments, as you are beyond Morality as most beings know it. You have been asked in the past to judge cases of Morality and you tend to be cold and dispassionate, using hard evidence and applying a sentence that fits the crime. This is infrequent and usually only undertaken when there are other Greaters involved.

You are the executioner of the Greaters. You have the power to destroy nearly anything in the Other Realm if it is condemned by a majority of Greater Powers in attendance for its demise. You were called upon many times to preside over the destruction of various Dominions, Domains, and Beings. You work in concert with your siblings in the tasks of keeping balance in The Other Place.

## Character Information Sheet

### **Recent Events**

You have been informed of the death of the Rose Queen by your brethren. Normally this would not warrant a visit to her domain; however the subjects wish to preserve their world by the coronation of a new Queen. You are here to determine whether or not to proceed with the coronation or let the Dominion die.

If the Dominion is to die, you can provide a quick death over a long and lingering one, at the unanimous request of the Denizens.

The other option is to coronate a new monarch of the Dominion. There is a process to do so which has the following steps.

Forming the Jury: Selection of the Jury from Greater Powers present or those who are denizens of the realm.

Have the candidates presented for nomination.

The compulsion: This is the process by which you extract a secret that has been hidden or unknown by the subject.

The Vote: The Jury votes upon the candidates, eliminating all but one.

The coronation: This ties the new Monarch to the Dominion forever, severing their ties to the Real.
