

The Awful Truth

Character Information Sheet

Character Name: King Snapdragon

Classification: Domain Master (Lesser)

Summary: You are Snapdragon, regent of your own Domain. You are a brother to the Rose Queen. You are a very loud and stately monarch.

Details: Long ago, you came to The Other, bound to a mountain clearing that copied wonderfully to your Domain. The Greater's bound your soul to your domain and tied it to your essence. Your domain has grown and with the addition of your fellow siblings there is a small cluster of related Domains that host all sorts of creatures that have found their way into your world.

Yours is a Domain of green meadows and grey stone walls. You have a central hall that you rule from and that you hold a very traditional style court in. You have adopted the ways along the lines of the one humans call King Arthur. You have a vast array of knights and people willing to live in your realm.

Your sister The Rose Queen has been in existence for many years, nearly as long as civilization had come to where her Domain entered The Real. She was alone at first but then she took in a young female who she named Blaze. After Blaze a young man entered the realm that had a hidden connection to the fiery lady.

Blaze had had a large family, who mourned her loss very much, though her youngest brother, Thomas mourned her the most. She had died when he was heading toward the cusp of manhood. She was the sibling that he had the most attachment to, she always being the bog sister who took care of him and played with him the most. After her death, the boy grew into a man.

War came to the Real. The Rose Garden became home to many who found the way into the domain through delirium or morphine treatments. One on particular exhibited an affinity for the Dominion. He was gravely wounded and fading fast. Blaze petitioned to save the young man, never realizing that it was Thomas, her younger brother. The young man arose from the transformation as Rime, the right hand of the Rose Queen.

You know Blaze and her counterpart Rime were instrumental in destroying the darkness that had entered the garden, but your sister never gave you details on what occurred there.

You have been busy in your realm but still frequently visit your sister's realm. Your realm reflects your personality as a loud but stately king. When you visit the Rose Garden you are amazed at how quiet and peaceful it is. There is quiet and peace in your realm but it is frequently interrupted with banter or grand proclamations.

Recent Events

Your Sister has disappeared! Rime said she was dead, which means that this Domain might well fade, weakening your own Domain. Someone has managed to contact a number of Greater and get them to at least consider saving the Rose Garden.

The loss of the Rose Garden would significantly weaken your realm and the realms of your other Sisters. You should try to convince the Greater to save the Domain and locate suitable candidates to do so. It will require the candidates going through a judging process and one ultimately becoming bound forever to the Garden.

You would also like to know at least what happened to your Sister. While not your actual sister, she was a spiritual sister in that you and she held the same position in different places. Those that rule Dominions do not die easily, nor do they just disappear. Something must have happened.
