

The Awful Truth

Character Information Sheet

Character Name: Tempest

Classification: greater

Summary:

You are the embodiment of rains and storms. You are one of the oldest of the Greater and you represent a concept that predates even life on the planet.

Details:

A dream perchance? An amoeba's idle moment?

You inhaled. You pulled water out of the warm shallow sea and carried it to the skies. From on high, you looked down at the rocks and streaming lava. You exhaled. Steam rose up as you released the contents of the sea onto rocky fresh ground. Rocks popped and hissed where they were close to the lava flows. The others shined with your efforts. The glistening rocks reflected your lightning, the hills reflected the peals of thunder.

You have been aware since that powerful moment on the shores of the primordial sea, watching the world change as you continued to cool and help shape it. You are one of the very eldest of the Greater and one that is slow to anger or judge. Once you have made your decision, however, you are resolute and unforgiving.

Many Domains have come and gone under your watch. The precedent of the way a domain works is that a spirit of some sort is drawn to a place and then is able to draw enough power to it to carve out a space for it in the space beyond the Real. In the event of the death of the founding spirit, the domain typically fades and its energies becomes part of the Other Space, taking all that is contained within and connected to it.

While you do judge beings for their ability to hold a realm together, you typically do not make Moral Judgments, as you are beyond Morality as most beings know it. You have been asked in the past to judge cases of Morality and you tend to be cold and dispassionate, using hard evidence and applying a sentence that fits the crime. This is infrequent and usually only undertaken when there are other Greater involved.

Character Information Sheet

Recent Events

You have been informed of the death of the Rose Queen by your brethren. Normally this would not warrant a visit to her domain; however the subjects wish to preserve their world by the coronation of a new Queen. You are here to determine whether or not to proceed with the coronation or let the Dominion die.

If the Dominion is to die, you can offer a quick death over a long and lingering one, at the unanimous request of the Denizens.

The other option is to coronate a new monarch of the Dominion. There is a process to do so which has the following steps.

Forming the Jury: Selection of the Jury from Greater Powers present or those who are denizens of the realm.

Have the candidates presented for nomination.

The compulsion: This is the process by which you extract a secret that has been hidden or unknown by the subject.

The Vote: The Jury votes upon the candidates, eliminating all but one.

The coronation: This ties the new Monarch to the Dominion forever, severing their ties to the Real.

Servants of the former master of the dominion and those who are intimately tied to the realm are ineligible.
