

The Awful Truth

Character Information Sheet

Character Name: Queen Tigerlily

Classification: Domain Master (Lesser)

Summary: You are Queen Tigerlily, regent of your own Domain. You are a sister to the Rose Queen. You are a regal yet wild monarch.

Details: Long ago, you came to The Other, bound to a beautiful lake side that copied wonderfully to your Domain. The Greaters bound your soul to your domain and tied it to your essence. Your domain has grown and with the addition of your fellow siblings there is a small cluster of related Domains that host all sorts of creatures that have found their way into your world.

Your domain is home to beings that are more wild than tame. Ursines, canines, felines, and winged creatures of folklore are your predominant subjects. You are more feral yourself, however when you go visiting you “clean up nicely” as King Snapdragon puts it.

Your sister The Rose Queen has been in existence for many years, nearly as long as civilization had come to where her Domain entered The Real. She was alone at first but then she took in a young female who she named Blaze. Blaze was someone you both had watched for a very long time and were very interested in.. She had a paramour who she met in The Rose Garden that was mirrored in The Real. They would meet very late at night and spend time together.

The two continued for a while, then one day he stopped coming. She would return to the Garden and wait for him. Night after night, she waited. In time, she began to despair. The young man never returned. One night at Midnight the young woman chose to end her existence. As she slipped from The Real, she passed through The Other and The Garden. Your Sister urgently grabbed hold of the young woman’s essence and asked the two Greaters in attendance to bind her and transform her. Blaze was born through that act. Much like her name, she can burn those that aren’t careful with her.

You know Blaze and her counterpart Rime were instrumental in destroying the darkness that had entered the garden, but your sister never gave you details on what occurred there.

You have been busy in your realm but still frequently visit your sister’s realm. Your realm reflects your personality as a wild yet fair queen, who accepts some entropy and wildness from her court and its visitors. When you visit the Rose Garden you are amazed at how quiet and peaceful it is. There is quiet and peace in your realm but it is frequently interrupted with banter or rough play.

Recent Events

Your Sister has disappeared! Rime said she was dead, which means that this Domain might well fade, weakening your own Domain. Someone has managed to contact a number of Greater and get them to at least consider saving the Rose Garden.

The loss of the Rose Garden would significantly weaken your realm and the realms of your other Sisters. You should try to convince the Greater to save the Domain and locate suitable candidates to do so. It will require them going through a judging process and ultimately becoming bound forever to the Garden.

You would also like to know at least what happened to your Sister. While not your actual sister, she was a spiritual sister in that you and she held the same position in different places. Those that rule Dominions do not die easily, nor do they just disappear. Something must have happened.

You contacted the Greater Power Epoch to attempt to preserve this realm, knowing its loss would weaken the Realms of your siblings as well as your own. While none of you are eligible to rule here, you can canvas for foundlings and Lostlings that might be able to fulfill the role. That is, of course, if the Greater decide to preserve this realm.
