The Awful Truth

Character Information Sheet

You were always told to avoid The Blot, a black spot where something awful happened. No one has ever told you why but you generally avoided it on principle. Rumor has it that it would destroy anything that touched it. Voices could be faintly heard around the Blot, but they were never distinct enough to make out. The harder you concentrate the fainter they become. Not too long ago you were picking up a discarded wine goblet from the grass by the Blot and you slipped and fell towards it. You tumbled to the ground and your hand slipped inside. It was like putting your hand into a bowl of Ice water. The Cold ran up your arm and into your torso, making it hard to move. You managed to break contact and as you laid there catching your breath, warmth came back into your torso and arm. You were unharmed, but you decided to not tell anyone since you weren't sure if they would believe you.

You have seen Blaze near The Blot in recent weeks. She seems to be having a discussion with it at times, or to be just sitting staring into it at others. You are worried for her, but you do not want to interfere or intrude.

Recent Events

The Rose Queen disappeared from the Garden several days ago, and upon searching for her, Rime found only a few trinkets. He says that she is not alive because the Garden has begun to shrink and fall back towards The Real. If this occurs, you all will disperse and the Garden shall be forever gone.

You have also seen a few Greaters in the garden. They interest you because they are very much signs that something will change in the Garden. You wonder if they are going to coronate a new Rose Queen.
