

The Awful Truth

Character Information Sheet

Character Name: Malkin

Classification: Denizen

Summary: You are a feline personality that lives in the Garden. You used to have a life outside of the Garden, but it seems so long ago and you only remember snippets. You are the only feline in the Garden and you like it that way. You are a hedonist and a bit of a critic of others. Most of the other Denizens seem to like you ok despite this.

Details: The last thing you remember about the Real is running down the sidewalk as fast as you could and making a hard right turn and squeezing through the gate to the Rose Garden by the creepy old building that nobody ever used. You could hear your pursuers running right behind you.

The world exploded in color and you found yourself falling into blackness. You awoke to several people standing over you, asking you if you were ok. The two who stand out most in your mind were the two that radiated heat and cold, Blaze and Rime. They had said you were critically injured and you were pulled to the Garden to save you. The Garden is a wondrous place, and you really do not miss your life from before, mostly because you cannot remember many details about it.

You have lived here for some time, but you cannot say how long for sure. (After all, what do cats need the concept of time for?) You have integrated into a fixture of the Garden, you have a few friends and a few enemies. Occasionally you peer out into the Real and see the World you left. Occasionally you meet cats and other animals that pass through the Garden or visit for a while, have polite conversation and they go on their way. The Cats occasionally look at you in a surprised manner and don't seem to see you as a cat, however, you feel that your time in the garden has made you something more.

You dislike the Blot, you don't really know the whole story of it, and it is probably just as well. It has been said that things changed significantly when that event happened.

You have developed a bit of a reputation as a trickster and someone who has a quick wit and a sharp tongue. You frequently cause minor troubles or pull harmless pranks in the garden. Your favorite target is Whutzyt, a mechanical like being who came here long ago. Whutzyt used to become very angry about the jokes, until the others explained that it was your way of showing friendliness. You try not to prank Guram, because it seems to be painful and hurtful to the being.

Recent Events

The Rose Queen disappeared from the Garden several days ago, and upon searching for her, Rime found only a few trinkets. He says that she is not alive because the Garden has begun to shrink and fall back towards The Real. If this occurs, you all will disperse and the Garden shall be forever gone.

You have also seen two Greaters in the garden. They interest you because they are very much signs that something will change in the Garden. You wonder if they are going to coronate a new Rose Queen. That would be exciting. What if they chose a male? Would he be the Rose King?

Recently you have been watching Blaze, one of the Queen's Major Domos, who has been acting strangely of late. You have seen her hanging around the Blot frequently over the last few weeks. There were times she had been very close to it as though she were having a discussion with it. The Blot is an inanimate object though so maybe she was just working out some personal issues.
