Note: This takes place during season four when Angel was off somewhere not being evil.

Flashback to last night. Giles was meeting with Willow to discuss today's trip to New Jersey. Giles was trying to explain an unexpected danger. "Look Willow. We all know there is a Hellmouth that has just opened in Mount Laurel, New Jersey, and we all know what that entails. What you need to understand is that we may have other dangers."

"Why," asked Willow, "what could possibly more dangerous than an open mouth to Hell?"

"Hogwarts," replied Giles.

"Hog warts?" asked Willow, "What? Are they contagious? Is it like some sort of swine flu or something?"

"No," explained Giles, "it's a school. A British school. For witchcraft."

"And it's a danger?"

"Yes. You see the witches that come from there are very powerful indeed. And further, I used to have an enemy who went to Hogwarts. For all I know, they have bred sedition against me."

"But they have warned you they were coming?"

"Oh yes, I received a letter from their Headmaster, one Albus Dumbledore. He said there would be a delegation of witches and wizards there to meet me in New Jersey."

"So why would a supposedly dangerous school warn you they were coming?"

There was nothing Giles could say to that, so they left the conversation there, and Willow went back to packing for the plane trip the next day.

The trip through the airport was uneventful, as was boarding the plane. Willow had an aisle seat with Xander and Buffy to her right. They talked a little bit about why they were flying to Mount Laurel, New Jersey. You mentioned that they have a good library there, and that should be a help as well, but you didn't talk about Hogwarts.

Then the movie came on, but it was "Big Momma's House 2," so Willow occupied herself by meditating and then napping. This kept her occupied until the plane touched down in New Jersey.

The plane landed without issue and the Scooby gang found themselves in Mount Laurel. The ride from the airport to Mount Laurel was also uneventful, but Willow felt the other shoe might drop at any moment.

They arrived, got out of the van, and then Willow saw a couple of groups of strangers in the distance. Wondering who they were, Willow and the gang started toward them.

The Others

Alexander "Xander" LaVelle Harris: A close friend. You used to date, but now he's seeing a former demon named Anya.

Buffy Summers: Your very best friend. She is the Slayer which makes all your lives interesting.

Rupert Giles: Giles is a Watcher, which lets him get interesting information. He's from England, but you find his accent charming.

Angel: What is he doing here? Has he turned evil? And why is he twinkling?

You haven't met the others yet, but here are some first impressions.

Captain Kirk: He cuts a commanding figure, and he is quite handsome. You can tell he knows his way around the ladies too.

Mr. Spock: There is something really odd about him, but you can't put your finger on it. He's pretty smart though.

Dr. Leonard McCoy: He's definitely hiding something.

Lieutenant Uhura: She seems nice and friendly, but you can tell she has strong magical powers.

Montgomery "Scotty" Scott: He's pretty smart and cute too.

Professor Severus Snape: Remember that evil teacher you had in High School? Snape reminds you of him.

Harry Potter: These ... kids... are the delegation from Hogwarts? They are barely sixteen. They are supposed to be dangerous. Hell, when you were sixteen... you were a powerful witch. And your best friend was killing vampires. Ok, point taken.

Ronald Weasley: You have difficulty believing that he is a danger to anyone except himself.

Hermione Granger: She seems really smart, but she is definitely up to something.

Draco Malfoy: He seems a bit evil. Maybe it's just his name, or maybe he's the one Giles was trying to warn you about.

Mary Sue Johnson: She is a local contact. You've talked to her on the internet about witchcraft.
